## Start on Good Government, Ike Tells U. S.

By DOUGLAS B. CORNELL

WASHINGTON (AP) — President Eisenhower staked out a claim today that his administration has made "a good start" toward building an honest, efficient regime at home while exerting its power in the cause of world peace.

But Eisenhower conceded that his administration has by no means "seen and conquered all the problems of our nation" in its first six months.

In an all-network radio address to the American public last night, the chief executive declared this to be his "single, supreme purpose."

"To serve and to strengthen our people, all our people, in their faith in freedom and in their quest of peace; and to strengthen all peoples who share with us that faith and that quest."

It was a let's-take-a-look-at-the-record address, much of it already said before but brought up to date and keyed to last Monday's adjournment of Congress.

In 1, he mentioned an even dozen actions by Congress — on such items as revised programs for defense and aid to American allies, admission of refugees, lifting of economic controls, extension of needed "onerous" taxes.

Even though the executive and legislative branches have had their differences, Eisenhower said, good will between them has been built up rapidly and firmly.

## Singer Almost Sure to Be Deported

HOLLYWOOD (UP) — An immigration official said today that only "an act of Congress" could make an American citizen of Singer Dick Haymes, who faces possible deportation because he chased Rita Hayworth to Hawaii.

Herman L. Landon, district director of the immigration and naturalization service, also said he considered the crooner's chances of being deported "good."

The 34-year-old singer, a citizen of Argentina, was arrested by immigration authorities yesterday while driving his convertible along Hollywood's famed Sunset Strip.

A few hours later he was released on \$500 bond, pending his appearance before an immigration examiner. How much freedom to travel Haymes has until the hearing was not disclosed.

Haymes was charged with violating the McCarran-Walter act by going to Hawaii in June for a singing engagement and a visit with Miss Hayworth, divorced wife of Alvin Karpis.

Under the McCarran-Walter act, an alien such as Haymes, can remain in the United States but cannot re-enter without special permission of the leaves.

Haymes was born of Irish-English parents in Buenos Aires, Argentina, Sept. 13, 1918, and came to this country in 1937.

## PCS to Rule on Bell Rate Soon

LITTLE ROCK (AP) — The Arkansas Public Service Commission must decide within the next 60 days whether Southwestern Bell Telephone Co. is justified in asking for rate increases totaling some \$3,800,000.

Hearings, held intermittently since last April, were recessed yesterday and attorneys for the company and the protesting cities were given 30 days in which to file briefs.

By law, the PSC must hand down its decision within 60 days. Bell is asking PSC approval for an annual rate increase of \$2,300,000 which it put into effect under bond last September. It also wants another \$1,500,000 for operational expenses over and above the customary 6 per cent of its Arkansas investment.

In event the PSC turns down or shaves the rate hike request, Bell must make refunds to its customers for the rates it had collected for the past year.

## Fine Sport Reds Had for Prisoners

FREEDOM VILLAGE, Korea (AP) — Cpl. Henry Carwell of Lafayette, Ala., said today one of the favorite tortures of Chinese Communists was to force American prisoners to war to undress outdoors in freezing weather.

Carwell, 37 and a veteran of 12 years in the army, was captured Nov. 27, 1950 and was among those freed at Panmunjom today.

"I saw quite a few tied up and beat," he said. "There was nothing you could do."

## Homecoming to Mark Opening of Revival

Homecoming services will be held Sunday, August 9, marking the beginning of a revival at the Rocky Mount Baptist Church.

Many former residents and members of the church are expected. Two former members, Doyle Purdie and Mrs. Dale Hunt will teach the men and women's Sunday School classes. The Rev. D. O. Silvey, a former pastor, will preach at the 11 a. m. hour and lunch will be served at noon.

Singing during the afternoon will be under the direction of Horace Kennedy. The Rev. Coy Zumwalt, pastor, will preach the evening service, and throughout the following week. Services will be held daily at 10:30 a. m. and 7:30 p. m.

## Discusses Sex Violation of Americans

CHICAGO (UP) — Dr. Aldred C. Kinsey said today that 85 per cent of all American women — and 95 per cent of the men — sooner or later engage in sex acts that would land them in jail if the laws could be enforced.

On the other hand, the famed sex scientist and zoologist, said only about one per cent of the population ever goes to jail for sex offenses.

"Our sex laws are so completely at variance with actual behavior that full enforcement is impossible," he told a news conference yesterday.

"A great deal of everyday sex behavior is illegal."

The Indiana university professor, author of "Sexual Behavior in the Human Male" and the new, unreleased "Sexual Behavior in the Human Female," addressed a refresher course for prosecuting attorneys at Northwestern University.

Reporters and the public were barred from the speech.

## Would Probe Holding Back Prisoners

WASHINGTON (UP) — Several congressmen urged the administration today to do everything possible to learn if the Communists are holding back U. S. prisoners and, if so, to take action to get them back.

Among those making the plea were Sens. Homer Ferguson (R-Mich.), a member of the foreign relations committee, and Richard B. Russell (D-Ga.), ranking Democrat on the armed services committee.

"We should do all we can to ascertain whether the Communists have these prisoners," Ferguson said. "We allow the Red Cross into all our Korean prison camps. Everybody knows how many prisoners we have. The Communists should be equally frank."

Russell said the United States "certainly should take steps to get Communists hold." He charged that back all the prisoners that the poor condition of returning POWs showed the Communists' lack of good faith.

Chairman Dewey Short (R-Mo.) of the House Armed Services committee sounded a more cautious note. Making charges and investigating missing POWs at this particular time, he said, might bring freedom for those U. S. prisoners the Communists now plan to send back.

Gen. Mark W. Clark, United Nations commander in the Far East, said yesterday that this country believes the Communists are holding between 2,000 and 3,000 more American POWs than the 3,313 they agreed to return.

## Hollywood Movie Makers Are Going All Out to Make the Folks Forget All About TV

By HAL BOYLE  
NEW YORK (AP) — Hollywood is in the gimmick stage at present in its efforts to make the American public forget television.

Have you tried any of the new three-dimensional, wide-screened, technicolor popcorn with the built-in stereoscopic sound effects? A trip to Bermuda and a free life insurance policy with every box.

Seen any of those 3-D films lately? It is like having a "chamber of horrors" dumped in your lap. Roller coasters feel toward you, snakes lash out from the screen at you, and when an actor throws a knife you can feel it sink into your own forehead. Man, you don't just see those pictures. You are in them. But you don't get paid.

The Hollywood motto seems to be:

"If you can't entertain 'em — startle 'em."

Therefore, it is pleasant to chronicle a strange experiment just completed by Producer Buddy Adler. Adler's unusual idea was to take the best story plot he could find, pick a good cast, and film it in just plain old-fashioned, two-dimensional black and white.

Well, 19 months and \$3,000,000 later, Adler came up with "From Here to Eternity," one of 1953's big hits and a candidate for film-drama's all-time top ten box office draws. And there isn't a new fangled gimmick in the picture.

"You don't need gimmicks to get realism," said Adler.

Nearly two years ago he became interested in James Jones' best selling novel of professional army life in Hawaii on the eye of Pearl Harbor.

## Dulles, Rhee Initial Security Pact Draft

By ROBERT B. TUCKMAN

SEOUL (AP) — Secretary of State John Foster Dulles and President Syngman Rhee will initial the draft of a security treaty between the United States and South Korea tomorrow, it was announced officially today.

The ceremony is scheduled for 12 a. m. (8 p. m. EST today). Agreement was reached on the treaty today.

The announcement was made by members of Dulles' party and the office of President Rhee. A joint statement from Rhee and Dulles is expected tomorrow and the secretary of state will hold a news conference here before leaving for Tokyo.

Rhee has demanded the treaty as one condition for South Korea going along with an armistice in pending President Eisenhower's promise in June to negotiate a security pact, which still must be approved by the U. S. Senate.

The treaty was reported patterned closely after the security pact between the United States and the Philippines. It provides that the United States will come to the aid of South Korea in the event of new Communist aggression. It also provides for basing American troops in South Korea.

## Government Workers Strike in France

PARIS (AP) — France's vast army of two million civil servants slammed Premier Joseph Laniel with a crippling 24-to-48 hour nationwide general strike today.

The protest against the Premier's rumored plans for government economic reforms was France's worst strike since the 1936 days of Socialist Leon Blum's popular front government.

Trains ground to a halt throughout the country. Telephones were dead. Gas flickered feebly. Garbage piled up in the streets. Non-government mine workers also joined in.

The one "bright" spot was in Paris—the subway and bus systems were operating. Taxis also were available there.

Otherwise the nation's business and commercial life rapidly approached paralysis. It looked like much of it would stay that way until Monday.

## No Civil Rights, Lehman Asserts

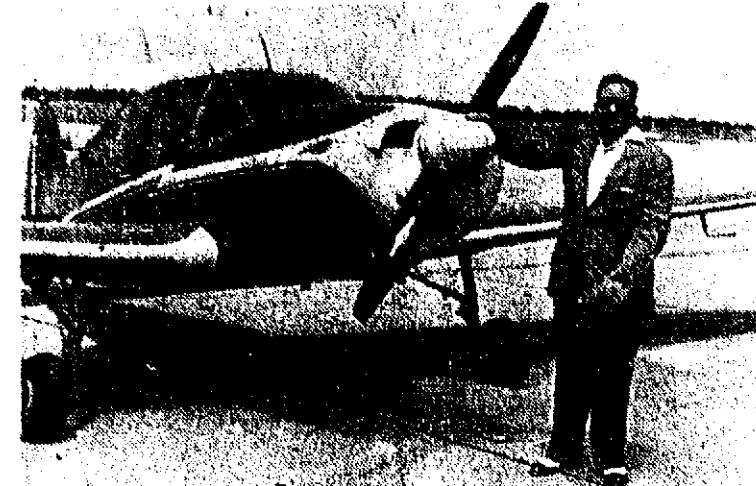

By JOE HALL  
WASHINGTON (AP) — Sen. Lehman (D, Lib-NY) said today the record of the Republican-controlled 83rd Congress in the session just completed was a total blank on civil rights legislation.

But Sen. Ives (R-NY), in a separate interview, said he is convinced the Republicans have a better chance of enacting civil rights legislation than the Democrats.

Lehman said that, of more than a dozen civil rights bills introduced in the Senate this year, not a single one even got so far as a committee hearing.

In recent Democratic Congresses, he said, Senate committees not only held hearings on such measures but reported them to the floor. Some of these were called up for debate but never passed, largely because of Southern Democratic opposition which used lengthy speeches to block them.

## Pictures in Local News

Mutual Network news commentator Frank Edwards is pictured in front of George Robison's plane which brought him from Fort Worth to Hope last weekend for a try at gun fishing on Little River. The picture was made shortly after the plane landed at Municipal Airport, which Edwards sought to have the government use for some project.

Members of a Southwestern Bell Telephone line crew are shown with a 9 foot 9 inch alligator which a couple of the men captured on Little River last weekend. Pictured are Frank Livingston, Joe Bobo and Woodrow Parsons who actually caught the monster, and Robert Mitchell, standing.

## U. S. Agents Try to Break Dope Ring

By FRED HOFFMAN

WASHINGTON (AP) — Federal agents have been struggling for more than a year to dam a persistent flow of dope from Communist China to the U. S. West Coast via Hong Kong.

Government officials told reporters of this battle today after the Narcotics Bureau made public an annual report for 1952 on traffic in opium and other dangerous drugs.

The report said simply that "pure heroin has appeared in the traffic on the West Coast in considerable quantities," and added: "The source of this heroin is Communist China."

B. T. Mitchell, the bureau's enforcement officer, said the heroin traffic by way of Hong Kong, a British crown colony, was first noticed when customs inspectors wondered why anybody would want to mail old American magazines back to this country.

It turned out the magazines were hollowed and filled with vials containing about an ounce of heroin each.

Heroin is one of many drugs made from opium. In its pure state, it is worth about \$1,000 an ounce.

Chinese in Hong Kong, Mitchell said, sent the dope mainly to other Chinese in this country. Post office boxes were rented in small, out-of-the-way towns to receive it, he said.

U. S. agents here and abroad have been cooperating with Hong Kong police and there have been many arrests. But Mitchell said it is hard to tell just what head way is being made toward choking off the illicit traffic.

Use of the mails to ship the narcotic has been sharply reduced, bureau officials said, but heroin is still smuggled from the Far East by merchant seamen and other travelers across the Pacific.

Mitchell said agents so far had detected no large overall organization directing the smuggling. It seems, he added, that there are numerous small systems in operation.

Contact is made by letter, by personal messenger, or by some other means hard to trace, the narcotics officer said.

Up to now, federal agents have not found any of this Chinese heroin in the East. Experts are able to distinguish Chinese heroin from the European and Mexican varieties.

## Gladden May Seek Office of Governor

LITTLE ROCK (AP) — Former Public Service Commissioner Howard Gladden says he is considering requests from "all over the state" to run for governor of Arkansas next year.

Should he decide to run, Gladden presumably would oppose Gov. Francis Cherry—who earlier this year requested his resignation from the Public Service Commission. Cherry is considered a favorite candidate for a second term.

"A good number of people from all over the state have urged me to consider running," said Gladden, a 42-year-old attorney, last night.

"But it's a little early yet and I haven't decided."

Gladden was appointed to the PSC by former Gov. McMath in September, 1950, and his term was now due to expire until January, 1955.

However, several weeks before Cherry took office last January, the governor requested Gladden's resignation and it was submitted in February.

If Gladden should run for governor, he probably would be campaigning at the same time as his ex-boss.

McMath has said he will run against Sen. John McClellan when the senator seeks re-election next summer "if enough people want me to."

When Cherry defeated McMath last summer, he had the strong support of Sen. McClellan.

## Arkansan Dies, 32 Hurt in Collision

SUNBURY, Pa. (AP) — A 12-year-old Arkansas boy was killed and 32 other persons were injured when a truck in which they were riding overturned 20 miles south of here yesterday.

The Sunbury Community Hospital identified the dead boy as William Briggs of Dell, Ark. Carrie Foster was in a serious condition.

State Police said the driver of the truck was Thomas Keatos, 26, of Blytheville, Ark. Officers said Keatos told them that the weight of the people in the truck shifted on an S-curve and the truck turned over, scattering the occupants, all migrant farm workers.

The workers live at the Pine Grove labor camp at nearby Milton. They were returning from picking beans in fields near Pile, Ark.

## Russian 'Goon' Try to Break Up Food Center

By JOSEPH FLEMING

BERLIN (UP) — More than 3,000 Red toughs stormed the Western sectors of Berlin today under orders to break up the distribution of "Eisenhower food parcels" to hungry Soviet zone Germans.

The Communists battled West Berlin police in the streets of the American, British and French sectors before being driven back behind Berlin's little Iron Curtain.

Western police used clubs and powerful "water cannon" mounted on trucks to beat off the Red invaders bent on wrecking food distribution centers.

Reinforcement of the 300,000-man Soviet occupation force in East Germany would explain the large-scale troop movements reported to Western authorities from many sources.

In a stepped-up campaign against the American food relief program, the Communists warned rebellious workers and hungry food seekers they face prison, fines and sabotage and ordered squads of Red storm troopers to confiscate food packages.

Fritz Selbmann, steel and coal production minister, lashed out at workers engaged in strikes and slow downs in protest against the arrest of their colleagues and a government ban on receiving free American food in West Berlin.

In a speech published by the Communist press, the Soviet zone minister rejected workers' demands as "exaggerated and impossible." He said arrested workers will remain in jail.

## L. R. Business Men Pay Hope a Visit

A group of Greater Little Rock business men came here Thursday to find out more about resources in this area and to urge that Arkansas dollars be kept at work in Arkansas.

The Little Rock group stopped here on the first day of a two-day 330-mile "Get Acquainted" bus tour of Southwest Arkansas cities and towns. The tour was sponsored by the Wholesale Committee of the Greater Little Rock Chamber of Commerce.

## PWs Reveal Reds Killed Two Chaplains

By LEROY HANSEN

FREEDOM VILLAGE, Korea (UP) — Freed war prisoners revealed today the Communists killed two chaplains for holding secret Christmas services and broke the will of many Americans.

Pvt. Edward R. Aches, a medic from Detroit, said the fearless chaplains — one a Roman Catholic and the other a Protestant — died of beatings after conducting the forbidden services.

Another liberated prisoner, PFC William J. Skipper, said he saw about 1,000 Americans die of malnutrition, dysentery and other ailments at Pyongyang during the two years and six months he spent there.

"The guys just didn't have any will power," Skipper, of Galivants Ferry, S. C., said.

Skipper indicated that the men had given up hope of getting out alive.

Aches said the two chaplains went to his camp on Christmas day of 1950 to comfort the enlisted men with religious services.

"When they got back to their own compound, they were pretty badly treated," Aches said. "The Protestant chaplain died a week later and the Catholic chaplain a month later."

So many atrocities have been reported by prisoners returning to freedom in "Operation Big Switch" that the Army's hopes of recovering thousands of missing soldiers have faded.

## Liquor Tax Suit to Be Dismissed

LITTLE ROCK (AP) — Polish Chancellor Rodney Parham says he will dismiss a taxpayer's suit which charges Arkansas wholesale liquor dealers with price fixing.

The suit, filed last April by R. E. Shivers of Hope, was an outgrowth of a dispute between liquor wholesalers and county fair managers concerning a new liquor tax.

Shivers claimed that Arkansas wholesalers were collecting an illegal 13 per cent markup on the state excise liquor tax and adding 10 to the 13 per cent markup allowed on the invoice price.

Judge Parham said that in dismissing the suit within the next few days, he would uphold a de-murrer filed by the Moon Distributing Co., that no cause for action had been established.

He said that one purchase of a small amount of liquor at retail could not be the basis for legal action against an entire group of businessmen with whom the purchaser has no direct dealings.

E. M. Arnold of Little Rock, Shivers' attorney, said the dismissal would be repealed.

SEA SICK  
ASBURY PARK, N. J. (AP) — Wesley Moon, who writes a boating column for the Asbury Park Press, didn't show up for work yesterday. The reason: sea sickness.

## All Around the Town

By The Star Staff

Two tired but happy paper boys stepped from a plane at Texarkana about 9 o'clock last night, ending a flight from Sarasota, Florida.

Jerry Browning and Charles Blackwood, Star carriers, were the ones selected to accompany Publisher A. H. Washburn to Florida for a short visit.

They left Hope last Sunday morning and left Florida on the return trip at noon Thursday, arriving in Texarkana at 9 p. m. The publisher remained in Florida where he is visiting his father.

Lavell Bonds of Blevins and Richard C. Johnson of Hope are two of 72 hatcherymen who will complete a 5-day dealer training course in poultry disease and management being conducted by Salsbury's Laboratories of Charles City, Iowa.

Both men are employed by Corn Belt Hatcheries, Inc., Bonds with the firm in Joliet, Ill. and Johnson with the Hope division of the company.

Miss Phoebe Harris, with the Agricultural Extension Service since 1941, has been appointed specialist in home economics with the University of Arkansas Agri mission to Panama.

She formerly served as Hempstead Home Demonstration agent.

Note to Rural Electrical Customers: Your rate reduction will be effective with the September 1 bill. The delay was due to the fact that charts had to be prepared and were not available at the time of the last billing.

Many local residents can hardly wait for Texarkana's KCMO TV station to go on the air. The first tests will probably be made the first of next week and the first program is scheduled to be televised on August 18.

Programs will be from CBS, ABC and DuPont television networks.

## Healthier Group of 394 Allies Released by Red

By MILO FARNETI

PANMUNJOM (AP) — A healthier group of 394 Allied war prisoners came out of Communist captivity today and added to mushrooming reports the Reds are holding back some POWs — including perhaps 2,000 to 3,000 Americans.

Eighty-one Koreans were among the group released today under a brilliant sun at this way-side biling in the third day of the Korean war prisoner exchange — "Operation Big Switch."

Although the Reds had promised 400, an unofficial count showed six South Koreans missing from the scheduled 250. There was no immediate explanation.

The Reds also sent back 25 British, 25 Turks, 12 Filipinos and 7 Colombians.

They said the next group, scheduled for 9 a. m. Saturday (7 p. m. Friday, EST), would include 80 Americans, 250 South Koreans, 25 Turks and 25 British.

That will bring the total of Americans released to 311, still only a bare fraction of the 3,313 the Reds have promised to return.

By JIM BECKER  
and STAN CARTER  
FREEDOM VILLAGE, Korea (AP) — Liberated Americans today disclosed for the first time that some American prisoners of war — and at least one Briton — have swapped freedom for life under Communism.

Many South Koreans also were said to have chosen to remain under Communist rule as a result of intense Red propaganda.

Two U. S. soldiers just released from the same North Korean stockade said they knew of about seven Americans who had refused to accept repatriation — apparently the victims of relentless Red propaganda.

## Sunday School Lesson

August 9  
The Christian's Modern Armor  
By William E. Gilroy, D. D.

The Apostle Paul, who was Christian in a Roman pagan world dominated by power and Roman conquering armies, did not hesitate to draw effective illustrations for Christian life and conduct from the details of happening in that Roman world.

He compared the Christian life to a race (I Corinthians 9:24) and he laid great stress upon running to win. He had very strict notions of training and mastery, as will be seen from that same passage in I Corinthians 9. And he conceived of his own life as a race, patiently run, with a long goal ahead. (Acts 20:24).

In imperial Roman, with its dominance of the world, he saw the material realization of a similar dream of imperialism, but a spiritual imperialism of a world completely conquered by Christ and His gospel.

In that sense Paul was an imperialist, and the dream enshrined in the Lord's Prayer, "Thy kingdom come; Thy will be done on earth as it is done in heaven," is still the dream and prayer of Christians, though it is still far from fulfillment.

That Roman world was one of action, war, and conquest; and in his spiritual world Paul saw the Christian life and Christian duty, individual and collective, and demanding action, war, and conquest.

The Christian's warfare was against inward evils, temptations and weaknesses from which Paul himself was not immune. He himself was not immune.

But the foes of the Christian were not all inward. "We wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places."

These words, written so long ago, might well be a realistic rallying cry for Christians of today.

Against these forces of evil, with and without, Paul called for Christians, strong and well-prepared. He describes the well-equipped and well-armed soldier of Christ and the Cross in terms of the fighting man of the day, the irresistible and conquering Roman.

Indoctrination of the soldier, in which Paul was an expert, has a present-day importance, and preparations and provisions beyond the soldier himself are of vast proportions. But basically the conditions of successful warfare remain the same: preparation and efficiency, strength, courage and skill.

What the Christian world of today lacks in the Pauline sense of the Christian warfare. We tend to think of Christianity too exclusively in terms of personal character and conduct. What we need is aroused and awakened Christians, following a Son of God, Who goes forth to war, and fully equipped with all the available spiritual weapons for offense and defense.

**New Hope**  
The New Hope Home Demonstration Club of Emmet met in the home of Mrs. Mattie Walston, Tuesday, August 4, at 2 p. m. The regular order of business was conducted by Mrs. Jess Jones. During roll call, each club member told "What I like to read best."

Plans were then made for the Home Demonstration Council picnic that will be held on the Reggans Playground, 1 1/2 mile South of Emmet, on Highway 67, August 8. Workers' reports from committees and leaders were made. Mrs. Mattie Walston, Recreation Leader, in charge, told how parents and children can have fun together in the home — 1. Activities for all ages.

2. Playground improvement, and 3. Plan Community social.

Our agent, Mrs. Fairilla S. Smith, gave demonstrations on "Flannelgraph" and "A Sewing Kit". Both of these were nicely made. Mr. Walker Fleming, Jr., Assistant County Agent for Negro Work, was also present at this meeting.

During the recreation period, the games of "Blow Out" and "Mugical Chairs" were played and enjoyed by all. The hostess, Mrs. Walston, served refreshments to the 14 persons who were present.

## Two Added to Drouth Committee

LITTLE ROCK, Ark. — Two more members, a banker and farmer, were added yesterday to the state drought committee as the State Production and Marketing Administration announced that the eligibility of 25 more Arkansas counties to receive drought relief had been made official.

Harold A. Young of Galloway, president of the National Cotton Council, and W. W. Campbell of Forrest City, president of the National Bank of Eastern Arkansas, were named to the USDA Drought Committee.

The PMA said the following counties have been declared officially eligible to have federal under the federal drought aid program: Arkansas, Clay, Craighead, Crittenden, Cross, DeWitt, Drew, Faulkner, Green, Jackson, Jefferson, Lawrence, Lee, Lincoln, Lonoke, Mississippi, Monroe, Phillips, Poinsett, Prairie, Putnam, Randolph, St. Francis, White and Woodruff.

Selection of the counties for help previously had been announced by state MS officials.

## Rough Riders Hold Reunion

LAS VEGAS, N. M. — A street rally opened the 15th annual reunion of the Teddy Roosevelt Rough Riders last night.

Jesse Langdon, East Rockaway, Long Island, N. Y., just made the meeting in time. He came roaring in from California in his souped-up hot rod. Langdon has been touring the country seeing the old veterans who charged up San Juan Hill in 1898 with Roosevelt at their head.

About 35 Spanish-American War veterans showed up for the rally. The reunions began here in 1913, but the series was broken by World War I and II.

The National Geographic Society says the first locomotive to go into scheduled service in America was the Southern Railway's "Best Friend of Charleston."

Mrs. T.B. Finwick, Sr. president, presided. The group sang "The More We Get Together." The devotion was given by the hostess and Mrs. Finwick led in prayer.

The State Home Demonstration Council meeting to be held in Little Rock August 11-14 was discussed.

The club voted to have a family picnic at Fair Park Friday night, August 7. The surprise package was won by Mrs. Hazel Arnett. Refreshments were served by the hostess. The club adjourned to meet with Mrs. J.W. White in September.

## DOROTHY DIX

## Ashamed of Mate's Work

Dear Miss Dix: My problem is my husband's work. We have been married one year and though I knew what his occupation was before I married him, I had no idea it would affect me the way it has. His work is of very low caliber, although honest, I'm well educated and have had several years of office experience. My husband has not aspired to any more. His disposition is good; he's a good provider, but I feel he should better himself before we have children. Am I wrong in nagging him about this? I feel so embarrassed when someone asks me what he does.

MRS. T. Y.

## Ike Stresses Importance of Indochina

By JAMES MARLOW

WASHINGTON, Aug. 7 — President Eisenhower stressed, in his speech to the governors conference yesterday, the importance of the 400 million dollars Congress voted for fighting the Communists in Indochina.

The money was important to his foreign program. The way his administration went about getting it illustrates Eisenhower's own devotion to the theory of government.

He has a theory of government, conference July 22 he said he considers it his job to bring people in Congress and the executive branch together to achieve progress for the United States.

This was more than six months after he began dealing with Congress, in that time he himself showed some of this gradualism.

In the scope of a gradual change in handling the lawmakers, he started off the 1953 session by having members of Congress into the White House for breakfast or lunch, trying for a very personal and friendly relationship.

That was still his goal at the end of the session.

But in the beginning he seemed to rely on an attitude of "after I lay my proposals before Congress it can suit itself and things should work out all right."

At the end he had reached a point of putting heat on Congress, or individual members, to get approval for what he thought important.

Shortly after becoming President he asked Congress' okay on a resolution condemning Russia for breaking agreements and enslaving people.

It suited the Democrats. But the Republicans wanted to add a paragraph critical of Presidents Roosevelt and Truman, who made the agreements. The Democrats would not stand for that. The Republicans, with Eisenhower apparently keeping hands off, let the whole business drop.

The President persisted pretty well in trying to get some main parts of his program through without making anyone mad until Rep. Daniel A. Reed, New York Republican, strode directly into his path and stood there like a wall.

Reed, chairman of the House and Navy Committee, wanted the excess profits tax on corporations to die, as it had been scheduled to die on June 30. Eisenhower wanted it extended to next Dec. 31.

Through his influence with the other Republican leaders in the House, Eisenhower rammed the extension through over Reed's head. This was a humiliating experience for a man as powerful as Reed. But Eisenhower got what he wanted.

And he particularly wanted 400 million dollars for aid to Indochina.

Reed is too slight to be considered.

## School Youth Killed by Truck

HARRISBURG, Pa. — A 6-year-old Harrisburg boy on his way to school was killed instantly near here this morning when he was hit by a gravel truck.

State Trooper Don Wilcox identified the victim as Clifton C. Clinton, son of Grady Clinton and Mrs. S. D. Crawford of Harrisburg.

Wilcox said another vehicle obscured the boy's vision as he walked along the right side of Highway 14. He was struck by the truck, driven by J. W. Montgomery of Lepanto.

The boy was on his way to the Whitaker School, five miles east of here, which operates on a split session.

## BACK IN U. S.

SAN FRANCISCO (UP) — One Arkansas member of the U. S. Marine Corps was aboard the USS Gen. William Mitchell that docked at the port of embarkation here Tuesday. He was T-Sgt. Harry R. Cannaday, Jr., of Bradford.

china, where the French and Indochinese are fighting Communists. The House voted the money. The Senate decided 300 millions was enough.

State Department officials urged key senators to vote the full 400 millions. Officials of the Mutual Security Administration explained some of the reasons why they wanted 400 millions. Some reasons involved secret uses of the money.

The result: Just a few hours before it quit Monday night, the Senate voted for 400 millions also.

Just how far Eisenhower may have to go, or be willing to go, in getting Congress to do what he wants is something he will have to work out for himself between now and the end of his term.

It is in trying to prove his theory of gradualism — getting Congress and the administration to work better together — that Eisenhower will mislead into Sen. Robert A. Taft most. And just before Taft's game, Eisenhower will be forced more and more into his own development in dealing with Congress.

During the lifetime of President Thomas Jefferson, three other Presidents were frequent guests at Monticello, his home — John Madison and James Monroe.

## Senators Set to Hit Young Delinquents

By JOHN CHADWICK

WASHINGTON, Aug. 7 — Narcotics addiction among teen-agers, delinquency influences in school sports, and youthful gangsters — these are among the targets of a Senate probe of juvenile delinquency now getting in gear.

Sen. Hendrickson (R-NJ) named chairman yesterday of a Senate Judiciary subcommittee that will conduct the inquiry, has said a major purpose will be to create "a public groundswell" of sentiment that will aid state and local authorities and welfare agencies in combating teen-age crime.

The Senate accepted on June 1 his proposal for a full study to determine the extent, cause and character of juvenile delinquency. It provided \$44,000 for the inquiry and directed that attention be given the punishments meted youthful offenders, as well as attempts to rehabilitate them.

Serving with Hendrickson will be Sen. Langer (R-ND), chairman of the full Judiciary Committee, and Sen. Kefauver (D-Tenn.) who directed a nationwide crime investigation two years ago.

Public hearings are not expected to start before the fall.
